

ABOUT US

● Zhangjiagang Fenghui Logistics Equipment Co., Ltd.

Zhangjiagang Fenghui logistics equipment Co., Ltd., established in June 2010, is located in Zhangjiagang, Jiangsu Province, a beautiful, rich and economically developed city along the river. It is a new force in the logistics packaging industry. Under the fierce competition, Fenghui company strives to forge ahead and make great efforts to provide logistics packaging enterprises with plastic packaging solutions, metal packaging solutions and export packaging solutions as their main products.

Since its establishment 11 years ago, the company has reached a good relationship of long-term cooperation with many well-known domestic enterprises (including several world top 500 enterprises), provided more than 20000 packaging schemes for automobile parts enterprises, produced nearly 1000 kinds of automobile parts packaging products, and fully realized the integrated production enterprise of independent design, R & D and independent production.

Our company always pursues the concept of "customer first, quality first" and is committed to providing customers with perfect logistics supporting packaging scheme. With the economic development, customers' requirements for logistics turnover are becoming more and more perfect. The traditional single packaging method can no longer meet customers' packaging requirements for products.

Fenghui company integrates many years of business experience to provide customers with perfect packaging solutions with excellent performance, fast and thoughtful service and value for money.

PARTS METAL LOGISTICS BOX

Model	External Size	Internal Size	Folded Height
FHJ-001	1100*820*880(mm)	1020*740(mm)	250(mm)
FHJ-002	1200*1000*750(mm)	1120*920(mm)	250(mm)
FHJ-003	1140*1140*750(mm)	1060*1060(mm)	250(mm)
FHJ-004	1140*1140*1130(mm)	1060*1060(mm)	250(mm)
FHJ-005	1330*1140*750(mm)	1250*1060(mm)	250(mm)
FHJ-006	1330*1140*1130(mm)	1250*1060(mm)	250(mm)

The size of the metal box can be customized

* (LW)
* (LWH)

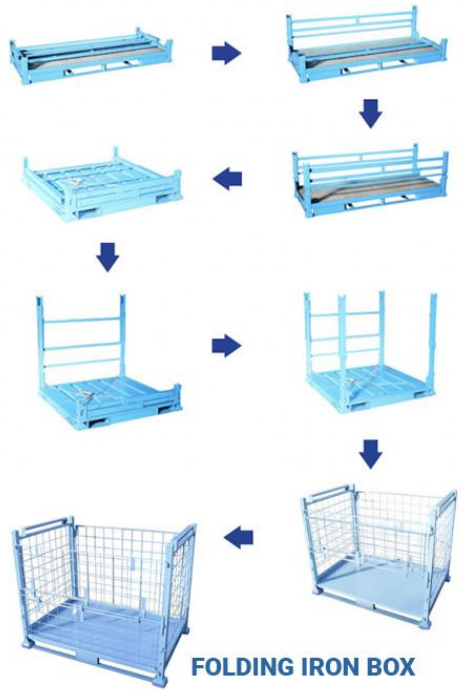

Advantage:

* Combe box can perfect all kinds of import and export logistics containers.
* This container is a self-developed CKD logistics container.
* A new type of logistics container that saves packaging and logistics costs by improving loading and safety when transporting heavy items.

STANDARD LOGISTICS BOX

USE OPERATION PROCESS

FOLDING IRON BOX

* Suitable for packing large, heavy parts

Model	External Size	Internal Size	Folded Height
FHW-001	1000*800*850(mm)	900*700(mm)	295(mm)
FHW-002	1200*100*545(mm)	1100*900(mm)	295(mm)
FHW-003	1200*1000*750(mm)	1100*900(mm)	295(mm)
FHW-004	1200*1000*980(mm)	1100*900(mm)	295(mm)
FHW-005	1140*1140*545(mm)	1040*1040(mm)	295(mm)
FHW-006	1140*1140*750(mm)	1040*1040(mm)	295(mm)
FHW-007	1140*1140*1130(mm)	1040*1040(mm)	295(mm)
FHW-008	1330*1140*545(mm)	1230*1040(mm)	295(mm)
FHW-009	1330*1140*750(mm)	1230*1040(mm)	295(mm)
FHW-010	1330*1140*1130(mm)	1230*1040(mm)	295(mm)

Folding box size can be customized

* (LW)
* (LWH)

Advantage:

* Can be designed as dustproof, waterproof and so on according to customer requirements can be stored in three-dimensional outside;
* Parts can be transported and stored without packaging;
* If there is any change in the parts carried, just change the inner material design of the fixed parts, and the outer box can be reused;
* Suitable for packing large, heavy parts.

PLASTIC COAMING BOX

With the leapfrog development of logistics packaging industry, reduce costs, improve production efficiency, and develop green recyclable logistics pack agingIt has become the resonance of major enterprises. The use of cartons and wooden cases causes a lot of pollution and waste.

Dustproof and waterproof

It's not only dustproof, it's waterproof
Stacked indoors and outside without worry,
the bottom design has a guide groove,
spare parts without worry!

USE OPERATION PROCESS

Name	Model	External Size	Internal Size	Application of bearing
Coaming Box1	S01	1200* 800(mm)	1130* 730(mm)	400kg
Coaming Box2	S02	1200* 1000(mm)	1130* 930(mm)	400kg
Coaming Box3	S03	1140* 1140(mm)	1070* 1070(mm)	400kg
Coaming Box4	S04	1220* 1140(mm)	1150*1070(mm)	400kg
Coaming Box5	S05	1470* 1140(mm)	1470* 1140(mm)	400kg
Coaming Box6	S06	1600* 1140(mm)	1530* 1070(mm)	400kg

*(LW)

The size of the metal box can be customized

Advantage:

Lightweight
1. Better protection, Using 8-12mm patented honeycomb plate or hollow plate;
2. Excellent load-bearing performance;
3. It is more convenient for women workers to operate;

Unitized
1. The lightweight
2. Human-machine engineering
3. Excellent load-bearing performance
4. The folding
5. Personalized lining can be customized
6. Strong and durable

The product has strong protective ability
Life is longNo need to wrap film protection
Waterproof and dust-proof, easy to cleanflexible
The forklift can be operated directly for easy loading
Can be nested only alum to save spacee customized

PRODUCT DESCRIPTION AND APPLICATION

PLASTIC CARDBOARD BOX

Advantage:

* Meet the transportation needs of the automobile industry;
* Lining and top cover provide additional protection;
* Simple loading and unloading operation, foldable, stackable, save space, greatly reduce the damage in the process of labor,The unit carries 500kg and the stack carries 2500kg.

Name	External Size	Internal Size	Self-Respect	Bearing
Kirby Box	1200*1000*980 (mm)	1120*920*760(mm)	63KG	500KG

EP FOLDING BOX

This series of standard box is widely used in Toyota motor, Nissan motor and its supporting manufacturers warehousing, circulation, processing and manufacturing loop distribution system.

Model	External Size	Internal Size	Folded Height	Color	Material
S602	365*275*160(mm)	324*239*135(mm)	365*275*85(mm)	Blue	PP
S603	365*275*210(mm)	329*239*185(mm)	365*275*85(mm)	Blue	PP
S903	435*325*210(mm)	399*289*185(mm)	435*325*85(mm)	Blue	PP
S903B	435*325*160(mm)	399*289*135(mm)	435*325*60(mm)	Blue	PP
S503	550*365*160(mm)	510*325*135(mm)	550*365*60(mm)	Blue	PP
S504	550*365*210(mm)	510*325*185(mm)	550*365*60(mm)	Blue	PP
S806	650*435*210(mm)	610*395*185(mm)	650*435*75(mm)	Blue	PP
S806A	650*435*260(mm)	610*395*235(mm)	650*435*75(mm)	Blue	PP
